

HOW BAPTIST CAMPAIGN FUND WILL HELP FOREIGN LANDS

Greenville, Nov. 10.—While the commission representing the Baptist 75 Million Campaign, now touring Europe to recommend where and how the Campaign can aid most effectively the economic, social and spiritual reconstruction of that continent, is still in the midst of its labors, the work has proceeded far enough to justify the belief that the work of the Southern Baptist Convention in Europe hereafter will probably be conducted from four great centers, Paris, Rome, Prague, and some strategic city in Russia yet to be designated. This program is not final but looms up as a large possibility, according to announcement by Dr. T. B. Ray, associate secretary of the Foreign Mission Board and survey director of the 75 Million Campaign.

A preliminary survey of the European mission fields that are to be occupied under the enlarged program made possible by the Campaign calls for the early expenditure of \$2,775,350 in additional property on that continent, while the investment in additional missionaries, doctors, nurses, teachers, social workers and other Christian helpers will be considerable. An exact budget on all expenditures, however, will await the return and report of the commission now making a careful first-hand study of all the needier European fields.

As an indication of how the \$20,000,000 apportioned to foreign missions from the Baptist 75 Million Campaign will be expended, the following tentative budget has been announced by the Foreign Mission Board; 148 residences for missionaries \$663,800; land and buildings for 58 churches \$1,064,350; land, buildings and equipment for 147 schools \$3,266,375; land, buildings and equipment for 20 hospitals and dispensaries \$189,600; church building loan fund \$457,500; six publication houses \$471,700; extension (opening 18 new stations) \$457,500; miscellaneous 255,175; additional property expenditures in Europe \$2,775,450.

Practically 500 new missionaries are called for by the Foreign Mission Board. Among these are 93 men and 36 women for evangelistic work; 64 men and 61 women for educational work; 27 men and 3 women physicians; and 13 trained nurses. The equipment and outgoing expense of the new missionaries is estimated at \$317,750, bringing the total investment in the enlarged work made possible under the new program to \$10,000,000.

This Means You.
When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

000,000. The other \$10,000,000 will be employed in carrying on this new work and the old work as well during the next five years.
The building and enlargement fund that will be expended by the Foreign Mission Board will be distributed among the mission fields as follows: Africa \$223,925; Argentina \$263,550; North Brazil \$268,950; South Brazil \$1,071,100; Chile \$58,900; Central China \$776,800; North China \$631,050; European fields \$2,775,450; Japan \$819,000; and Mexico \$420,000.

CHESTER'S GREAT GUERNSEY SHOW.

Clemson College, Nov. 10.—Competent judges declare that the Guernsey

show held this week at the Chester County Fair is the greatest ever held in the South surpassing those at the Southeastern Fair in Atlanta and the several southern state fairs. This too notwithstanding that the animals exhibited are all owned in South Carolina. In fact, all the exhibitors except two are Chester County farmers.
Ninety-five head of fine Guernseys were in the exhibit, as compared with 32 at the South Carolina State Fair and 30 at the Southeastern Fair. There were twenty exhibitors, and there would have been more, it is said, but for lack of accommodations for more animals. A Guernsey expert who was present is authority for the statement that the classes and indi-

vidual animals in the show were excellent and worthy of the great interest and admiration which was bestowed upon them.

In the few years since Chester County farmers adopted Guernseys as the standard breed great progress has been made, and the county is rapidly becoming a center for Guernseys of superior quality, as is evidenced by the fact that people from various sec-

tions of the Carolinas were attracted to the Chester County Fair by this Guernsey show.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prime, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, "It's a good medicine, and good for that trouble," so he got me 5 bottles...After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

It Cured Me
